Notice of public hearings for proposed rate increase

May 2024

Minnesota Power has asked the Minnesota Public Utilities Commission (MPUC) for an increase in electricity rates.

Our proposed increase to customer bills is about 12% when compared to 2023 levels, resulting in a revenue increase of \$89.1 million. This shows in the proposal as a 17.2% increase in base rates, or about \$127.9 million annually, and a 5.2% or \$38.8 million annual decrease in the Minnesota Policy Adjustment line item on your bill. While the MPUC reviews our request, state law allows Minnesota Power to collect higher rates on an interim (temporary) basis. The MPUC has approved an overall annual interim rate increase of about 8.6%, or \$63.8 million, the result of the base rate increase combined with decreases in the Minnesota Policy Adjustment line item. The interim rate increase is effective on or after January 1, 2024.

The rate increase appears on your bill as “Interim Rate Adjustment.” It applies to all major items on your bill. For residential and small general service customers, those charges include the monthly minimum charge and energy charges. For all other customers, the increase applies to the customer charge, energy charges, and the demand charge. The offsetting rider decrease appears on your bill in the Minnesota Policy Adjustment line.

The MPUC will have up to 15 months to review our request and will make its decision regarding final rates by late 2024. If final rates are lower than interim rates, Minnesota Power will refund customers the difference with interest. If final rates are higher than interim rates, Minnesota Power will not charge customers the difference for the interim period.

How will these rate changes affect monthly bills?

The table below shows the average, interim and proposed rate impacts inclusive of the Minnesota Policy Adjustment line item decreases for each customer type compared to previous rates in 2023.

Customer Classification	Avg. monthly kWh usage	Avg. current monthly cost	Net interim monthly increase	Proposed final net monthly increase*
Residential	691	\$94	\$8	\$11
Residential Dual Fuel	970	\$96	\$8	\$11
General Service	2,683	\$361	\$31	\$43
Commercial & Industrial Dual Fuel	3,598	\$344	\$30	\$45
Large Light & Power	258,754	\$26,403	\$2,293	\$3,172
Large Power	49,194,469	\$3,999,252	\$344,917	\$478,966
Lighting	156	\$64	\$5	\$8

*Monthly increases include all line items on bills except sales taxes and municipal franchise fees, and may vary by customer based on usage.

Public hearings

Administrative Law Judge Kimberly Middendorf has scheduled public hearings so that customers may have an opportunity to present their views regarding Minnesota Power’s recently filed retail rate case (MPUC Docket No. E015/GR-23-155). Any Minnesota Power customer or other person may attend or provide comments at the hearings. You are invited to comment on the adequacy and quality of Minnesota Power’s service, the level of rates or other related matters. You do not need to be represented by an attorney.
