

# Is your refrigerator past its expiration date?

Upgrade and recycle your old energy-wasting model and we'll give you \$100. Freezers are eligible, too!

Refrigerators and freezers more than 10 years old are real spoilers when it comes to saving energy. Check out our sweet rebates and free recycling to save energy and money.

### 3 ways to save

**\$50:** Limited-time bonus rebate on new ENERGY STAR® refrigerators and freezers

**\$50:** Your reward for properly recycling your old, working energy-wasting model (\$35 for one additional unit)

**\$200:** The amount of money you could save in energy costs over the next five years by making the switch to ENERGY STAR

**Plus,** models with the ENERGY STAR certification are at least 10% more efficient than the minimum federal standard!

**Learn more at [mnpower.com/RefrigeratorFreezer](https://mnpower.com/RefrigeratorFreezer)**

It's easy to recycle your old, working refrigerator or freezer and get a \$50 reward.

**Ask Us**

Call 866-552-6755 or visit [mnpower.com/RefrigeratorRecycling](https://mnpower.com/RefrigeratorRecycling) to schedule a pick-up time.

**We'll haul it away for FREE and you'll receive a check for \$50 four to six weeks later** (\$35 for one additional unit).

Must be a Minnesota Power residential customer to participate. Maximum of two qualifying appliances may be recycled per year, per dwelling.
