No-Cost, Low-Cost Tips to Save Energy

- Manage your thermostat. Try 76 to 78 F during the cooling season and 66 to 68 F during the heating season.
- Use fans whenever possible instead of air conditioning, especially ceiling fans for rooms with high ceilings.
- Clean or change your furnace filters monthly. Filters are inexpensive and also clean the air you breathe.
- Lower your water heater thermostat to 120 F if possible. If you have a dishwasher, 140 F may be needed.
- Turn off all unused lights and appliances.
- Vacuum refrigerator and freezer coils every six months to improve the units' efficiency.
- Open shades on cold days to let warm sunlight in, and close shades on hot days to prevent sunlight from heating up the house.
- Wash clothes in cool water and hang clothes outside to dry when possible.
- Take shorter showers.
- Caulk and weather-strip cracks around doors and window frames to prevent drafts.
- Remove or cover window air conditioners during the heating season.
- Insulate your home adequately.
- Close the door and heat registers in unused rooms.
- Do not block radiators or warm air registers with furniture, drapes or other objects.

A Helping Hand with Energy Bills

Rights and Responsibilities
Under the Minnesota Cold Weather Rule

The Minnesota Cold Weather Rule

Some customers find it hard to pay their utility bills in the winter. The state of Minnesota set up the Cold Weather Rule to protect residential, heat-affected customers who are unable to pay their utility bills from disconnection of service between October 15 and April 15.

Avoiding Disconnection

The Cold Weather Rule does not forbid winter shut-off. If you receive a shut-off notice during the winter, you must act promptly and call Minnesota Power at 1-800-228-4966 to apply for Cold Weather Rule protection and set up a payment plan. Your service will be subject to disconnection without further notice if you do not make the agreed-upon payments. If you cannot keep your original payment plan, call Minnesota Power immediately and make a new payment plan to avoid disconnection.

Reconnection

If your power is disconnected when the Cold Weather Rule is in effect, you can have it reconnected by calling Minnesota Power at 1-800-228-4966 to set up a payment plan. You must keep your payment plan to avoid future disconnection. Call Minnesota Power immediately if you cannot keep your payment plan and make a new payment plan to avoid disconnection.

Payment Plan

The chart below shows energy assistance income guidelines. In general, if your household income is:

- at or below 50 percent of the state median income, you are not required to pay more than 10 percent of your monthly household income.
- more than 50 percent of the state median income, you may make a payment plan with Minnesota Power.

Cold Weather Rule payment plans last until April 15 unless you make other arrangements with Minnesota Power. Your service could be shut off if you have a past-due balance on April 15 and do not make and keep a new payment plan.

Right to Appeal

If you and Minnesota Power cannot agree on a payment plan, you have 10 days to appeal to the Public Utilities Commission. The commission will help you set up a payment plan, and your service will stay on during the appeal process.

Managing Energy Costs

Low Income Energy Assistance Program (LIHEAP) Minnesota Power works with the state of Minnesota and local agencies and organizations to offer a wide variety of assistance programs for income-qualified households.

Visit www.mnpower.com/CustomerService/AssistancePrograms to learn more.

Fuel or Heating Assistance mn.gov/commerce/consumers/consumer-assistance/energy-assistance/ Energy Assistance Hotline at 1-800-657-3710 First Call for Help at United Way 211

If you need help paying your utility bills, you may qualify for state or federal fuel assistance. For complete information, contact a social service agency for your area (see listings on the reverse side or visit www.mnpower.com/CustomerService/FuelAssistance).

CARE If you are income eligible for the Energy Assistance Program you are also eligible for Minnesota Power's Customer Affordability of Residential Electricity (CARE) discount on your monthly electric bill. Complete the CARE program application at www.mnpower.com/CARE, or call Minnesota Power at 1-800-228-4966. Say "Customer Service" to be connected with a representative.

Budget Billing With Minnesota Power's free Budget Billing program you can spread a year's electricity bills evenly across 12 months. Keeping payments at a fixed amount each month simplifies budgeting for monthly expenses and helps you avoid the higher-than-average bills that often come with cold weather. Here's how it works:

- First, we estimate the total cost of the electric energy we anticipate you will use in the next year. Next, we divide that total into 12 equal monthly payments so you know what your bill will be each month.
- Your account is reviewed from time to time and adjusted to correct for any underpayment or overpayment.

Third Party Notice

If you want us to let someone else know—in addition to notifying you—that you are in danger of having your service disconnected for not paying your bill, we can provide this service. This third party may be a friend, relative, church or community agency and can receive and give information about you and arrange payment plans with Minnesota Power for you. The third party is not responsible for payment.
