AN ALLETE COMPANY

## Smart choices to *make spirits bright* —and save energy and money

**Get a \$30 rebate from Minnesota Power** and lower your energy costs when you buy a new, more energy-efficient ENERGY STAR® refrigerator or freezer. Just look for the ENERGY STAR logo.

**Plus, you can save as much as \$250 in energy costs over the next five years** and benefit the environment by properly recycling your old refrigerator and replacing it with an ENERGY STAR model. Minnesota Power makes it easy. We'll pick up your old unit for free—keeping it out of a landfill—and give you a \$50 reward.
