

# New Year + New Rebates = New savings for you!

# Looking for Rebates? You've come to the right place!

Minnesota Power has you covered with a variety of rebates to help you save energy your way.

**One Home:** With rebates on products ranging from lighting and appliances to ground source heat pumps, and new home construction to solar, you're bound to find options that fit your energy-saving needs. New rebates for 2014 include electric water heaters, dehumidifiers and LED bulbs. To see a full list of Minnesota Power rebates, visit [www.mnpower.com/foundmoney](http://www.mnpower.com/foundmoney) or call **218-355-2843** (opt. 1)

**One Business:** With standard rebates and a variety of customized incentives, Minnesota Power's One Business program has options for businesses big and small to save energy. Plus, we'll help you with design assistance, energy analysis, and renewable energy options to create an energy-saving action plan unique to your goals. Fill out a pre-application today at [www.mnpower.com/onebusiness](http://www.mnpower.com/onebusiness)

**One Community:** Community programs like the Brighter UMD energy event and Learn and Earn benefit schools while also providing rebates to the community. Learn more at [www.mnpower.com/community](http://www.mnpower.com/community)

power of one® ... it begins with you.

## Made in Minnesota Solar Incentive Program

The Minnesota Department of Commerce is now accepting applications through Feb. 28, 2014. Learn more at [www.mn.gov/commerce](http://www.mn.gov/commerce)
