Top 3 reasons to choose an ENERGY STAR® dehumidifier:

1. Save energy and money

A 40-pint ENERGY STAR dehumidifier can save approximately \$20 a year. This can add up to \$200 or more over the 10-year life of the unit. That's enough to pay for the dehumidifier! ENERGY STAR dehumidifiers use nearly 30 percent less energy than standard models. In fact, the annual energy saved could power your ENERGY STAR certified refrigerator for four months!

2. Increase the comfort of your home

Dehumidifiers reduce humidity levels, making your home less prone to allergens such as dust mites, mold, and mildew.

3. Minnesota Power's springtime bonus rebate

Get a **\$25 rebate** on an ENERGY STAR dehumidifier in April 1-May 31, 2018. (Regularly a \$10 rebate)
