Notice of public hearings for proposed rate increase
May 2017
Minneapolis Power has asked the Minnesota Public Utilities Commission (MPUC) for permission to increase its electric rates by approximately $38.8 million, or about 6.1 percent overall.

This is a decrease of approximately $16.3 million, or about 3.0 percent overall, from the initial request filed on Nov. 2, 2016 for $55.1 million, or about 9.1 percent overall. Depending on customer class and usage, the actual percent increase will vary based upon final approval by the MPUC.

The MPUC has changed the interim rate increase. The interim rate increase changed from $34.7 million or 5.60 percent to $32.2 million or 5.07 percent. If final rates are lower than interim rates, we will refund customers the difference with interest. If final rates are higher than interim rates, we will not charge customers the difference. If you move before we issue a refund and we cannot find you, we may treat your refund as abandoned property. This means we will send your refund to the Minnesota Department of Commerce, Unclaimed Property Unit. You can check for unclaimed property at www.missingmoney.com. To make sure we can send you any refund owed, please provide a forwarding address if you stop service.

*Monthly costs and increases include all line items on bills except sales taxes and municipal franchise fees, and may vary by customer based on usage.
**The 2018 proposed total monthly cost includes the interim increase, additional proposed final increase and renewable adjustment.

Accommodations
If you need any reasonable accommodation to enable you to fully participate in these public hearings (e.g., sign language or foreign language interpreter, wheelchair accessibility, or large-print materials) please contact the Office of Administrative Hearings at 651-361-7900 (voice) or 651-361-7878 (TTD) at least one week in advance of the hearing.

Technical Hearings
Formal technical hearings on Minnesota Power’s proposal start August 8, 2017, at 9:30 a.m. at the Minnesota Public Utilities Commission, 121 7th Place East, Suite 350, St. Paul, MN. The purpose of the technical hearings is to allow Minnesota Power, the Minnesota Department of Commerce-Division of Energy Resources, the Minnesota Office of the Attorney General-Residential Utilities and Antitrust Division and others to present their case and to ask questions of each other’s witnesses on the proposed rate increase.

Minnesota Power has requested the rate changes described in this notice. The MPUC may either grant or deny the requested changes, in whole or in part, and may grant a lesser or greater increase than that requested for any class or classes of service.
