

Time to upgrade your facility's heating,  
ventilation or air conditioning?

Choose energy efficiency and save

**minnesota power**

AN ALLETE COMPANY

HVAC can account for a big portion of your energy bill. We can help you choose the most energy-efficient equipment for your business or commercial operation and we offer rebates on:

- Heat pump systems
- Chiller systems
- Packaged roof systems
- Other air conditioning systems
- HVAC controls

We also offer rebates on energy-efficient refrigeration, lighting, compressed air, motors, commercial food service and more.
