How You Can Enroll

Online: Enroll online at www.mnpower.com/TimeOfDay

Mail: Send completed application to:
Minnesota Power
Attn: Customer Programs,
30 W Superior Street
Duluth, Minnesota 55802

MyAccount: Log in to MyAccount for a Rate Comparison tool.

Note: The effective date of the requested rate change will depend on the date the request is received and your current bill cycle.

Account Holder's Name (as it appears on your Minnesota Power bill): _____

Service Address (address where you live - must be primary residence): _____ Apt/Unit: _____

City: _____ State: _____ Zip: _____

County: _____ Phone: (____) _____ Email: _____

Mailing address (if different from service address): _____

City: _____ State: _____ Zip: _____

Account Number (10-digits): _____

Your account number can be found in the upper left corner of your bill. We cannot process your application without your account number.

I have read and understand the eligibility requirements.

- I am a residential customer taking service under Residential Service Schedule 20 (General) or Schedule 22 (Space Heating) and understand all provisions of the Residential Service Schedule apply.
- This is for my primary residence and does not apply to secondary services such as Dual Fuel, Seasonal Service, or Controlled Access.
- Customers taking service under this Rider may not also take service under the Pilot Rider for Community Solar Garden Subscription, nor under the Rider for Parallel Generation.
- By choosing to be served on this rate, I thereby waive all rights to any billing adjustment arising from any claim that the bill for services would be cheaper on any alternative rate schedule for any period of time.
- I may opt out of this rate at any time to be billed on the Residential Service flat rate under Service Schedule 20 or 22, but cannot change rates more frequently than every twelve months.

- This rate requires hourly data and my meter may need to be upgraded by Minnesota Power (at no extra cost to me).
- This rate is based on when I use energy and if I am not able to shift my energy use, I could pay more than I pay with my current rate.
- I will periodically be asked to provide feedback via online surveys.
