Technical label on the control box, featuring a schematic diagram of a control system and descriptive text in multiple languages. The text includes:

**WARNING**  
This device contains high voltage. Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**CAUTION**  
Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**WARNING**  
This device contains high voltage. Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**CAUTION**  
Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**WARNING**  
This device contains high voltage. Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**CAUTION**  
Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**WARNING**  
This device contains high voltage. Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**CAUTION**  
Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

**WARNING**  
This device contains high voltage. Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

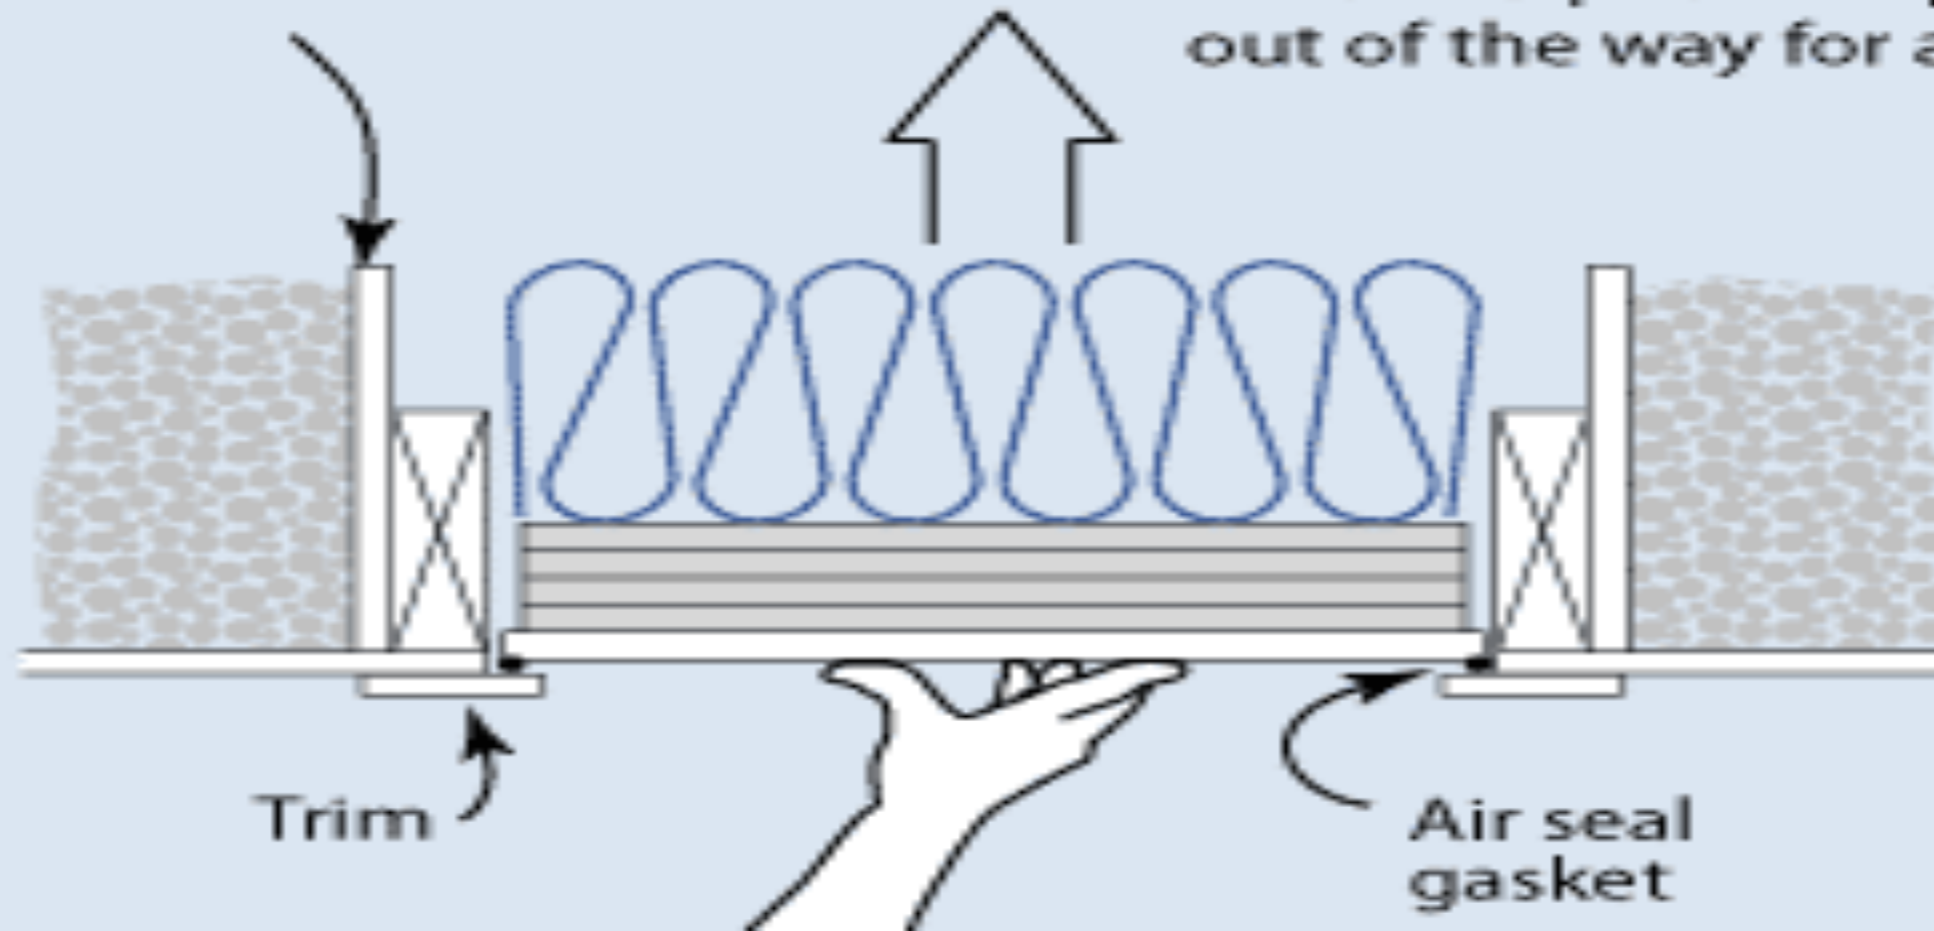

**CAUTION**  
Do not touch the terminals or components inside the enclosure. The enclosure must be grounded. The enclosure must be locked and labeled "DANGER - HIGH VOLTAGE".

# SCUTTLE HOLE COVER

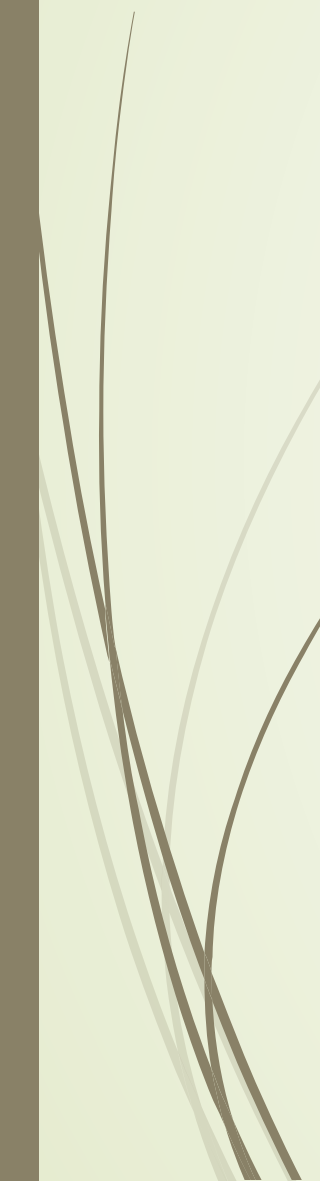

Important!!

Insulation dams prevent loose-fill insulation from falling through access

Hatch lid pushes up and out of the way for access

# Questions??
