

Phase 2 Engagement Input

March 15 - April 2, 2021

Duluth Loop Reliability Project

VIRTUAL ENGAGEMENT SUMMARY

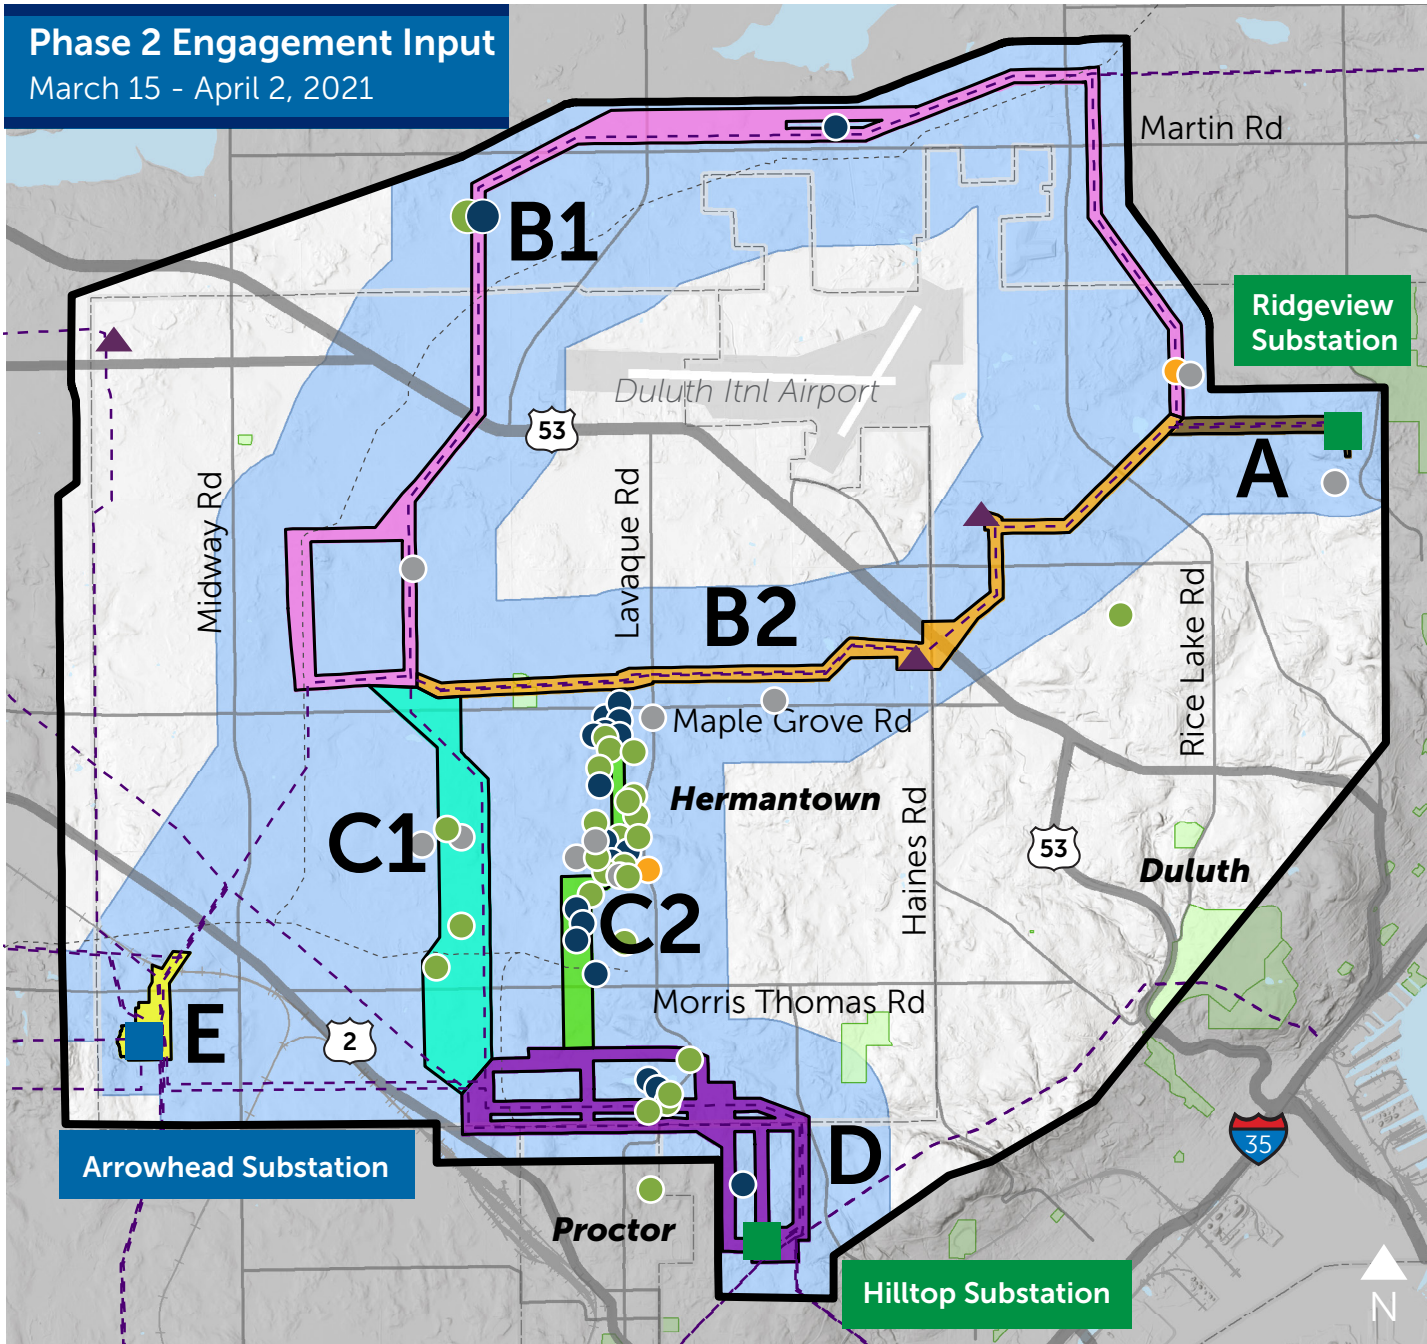

WHAT WE HEARD

Our project team received input from the community during Phase 2 of our engagement in March and April, 2021. Community members were asked to provide comments on the Proposed Route Alternatives. All comments and feedback will be considered during the development of the Final Proposed Route.

Public comments received through the interactive map, email, comment form, and hotline are shown on the map and classified below.
