

Bidder Questions WE 3.1.2024

1. Does this RFP have a MN docket # associated with it yet?
 - A. The docket related to the IRP associated with this RFP is MPUC Docket No. E015/RP-21-33.

2. What is driving MP's preference for projects with Network Resource Interconnection Service (NRIS) as related to capacity accreditation and deliverability?
 - A. NRIS provides us the most certainty on accrediting the capacity and that the energy will be deliverable during more system operational scenarios. It will also reduce market congestion and curtailment risk given the higher bar set for deliverability.
