

## **Bidder Questions WE 2.23.2024**

1. Will Minnesota Power consider a buyout in year 15, instead of year 12? Specifically, would the company consider this this 15-year buy out exception in the case where a project is partially committed to another offtaker but can still deliver 100-200 MW to Minnesota Power?
  - a. The term of the buyout period would be part of the PPA negotiation process.
